More About

Soucha

S O U C H A is an Haute Couture Fashion Designer. He studied fashion design in Florence, Italy at the Academia Della Moda. Soucha has been working as a fashion designer and a fashion stylist since 1997. After graduating he has worked in a lot of top Italian fashion houses, then he settled in Cairo, Egypt dressing the celebrities of Egypt and the Arab world. He has done many fashion shows in Cairo, Paris, New York, Angola, South Africa, Moscow, and of course his homeland Tunis. He is living in Cairo, Egypt where he has his stores and his design house. He is considered one of the fashion trendsetters in the region.

Edgy, crazy, and outstanding, these words perfectly describe Soucha's style. He uses a lot of black in all of his collections with different fabrics. Also he uses a lot of accessories to give the perfect craziness to his garments. Soucha is the creative director of his brand. He targets fashionable A and B class of Egypt and the Middle East, and is working hard to expand globally.

In all of his collections he doesn't relate to what's trendy or what's fashionable, instead he creates his own trends. He loves to stand out and he does it amazingly, and you can see this quite well in the pictures. Whenever you look at any of his garments without even knowing that it's his you can tell, and this is what I admire about him. He adds his own twist to everything even the choice of music, the hairstyle, and makeup in all of his fashion shows. He is one of a kind and he is a great inspiration to me and I'm sure to many others.
